BSBM

BRITEX Stainless Steel Multiple Shower Bases are custom manufactured from 1.2mm grade 304 satin finish stainless steel. They are available in multiple cubicle configuration, or as one large shower tray, both sharing a common rear gutter. Multiple shower bases can be supplied with either a left or right hand waste outlet.

Features and Benefits

- **304 Grade Stainless Steel Construction**
 - Durable, corrosion-resistant design built for long-term performance in demanding public environments.
- **Integral Channel Drain** - Provides efficient water drainage to help maintain a cleaner, safer shower area.
- **Fully Welded, Seamless Design** - Minimises dirt traps and makes cleaning faster and easier.
- **Custom Fabricated Shower Base**
 - Designed to suit specific project requirements for a precise fit and professional finish.
