

DFW4

The BRITEX Stainless Steel Chilled Freestanding Drinking Fountain is a compact, high-performance hydration solution designed to deliver instant chilled water in commercial and public environments. Featuring an integrated refrigeration system with a flow rate of up to 18 litres per hour, this freestanding unit is supplied pre-plumbed and is ideal for schools, offices, sporting clubs and public amenities. An optional carbon filter is available to further enhance water quality and taste.

Features and Benefits

- **Integrated Refrigeration Unit** - Provides instant chilled drinking water for enhanced user comfort.
- **18L Per Hour Flow Rate** - Provides a reliable water supply for busy environments and frequent use.
- **Freestanding, Pre-Plumbed Design** - Simplifies installation and allows flexible placement within facilities.
- **Optional Carbon Filter** - Improves water quality and taste for a better drinking experience.
