

DSR

The BRITEX Stainless Steel Health Club Drinking Fountain is a durable, vandal-resistant hydration solution designed for gyms, schools and sporting facilities. WaterMark certified and manufactured from commercial-grade satin stainless steel, it features a push-button bubbler, integrated bottle filler, concealed fixings and a secure access hatch for easy maintenance. A refrigerated model is also available for supplying chilled drinking water.

Features and Benefits

- **Integrated Bubbler & Bottle Filler** – Provides convenient hydration options for a wide range of users.
- **Drink Safe® Low-Lead Bubbler** – Provides a safe and reliable drinking water solution
- **Vandal-Resistant Construction** – Features concealed fixings and a secure access hatch for enhanced durability in public environments.
- **Optional Bottle Filler & Refrigeration** – Offers added flexibility to suit a range of hydration and project needs.
