The BRITEK Stainless Steel Front Single Push Button Cistern is a highly vandal-resistant concealed flushing system designed for in-wall, in-duct or in-ceiling installation. Slim enough to fit between 410mm studs in an 85mm cavity, it offers WELS and WaterMark-approved single flush performance and pairs seamlessly with BRITEK vandal-resistant wall-faced pans.

Features and Benefits

- **WELS & WaterMark Certification:** Meets Australian water and plumbing standards for reliable, approved installation.
- **Heavy-duty Construction:** Withstands impact and harsh use in public environments.
- **Ideal for High-use Environments:** Perfect for schools, transport hubs and other demanding public facilities.
- **Low-flush Option for Urinal Pods:** Supports water-efficient urinal installations while maintaining reliable flushing performance.
- **Multi-fixture Compatibility:** Suitable for toilet pans, slab urinals and slophoppers, providing versatility across diverse commercial and institutional applications.
- **Multi-fixture Compatibility:** Allows tuning up to 7.5L to meet performance requirements, water-saving targets or specific fixture demands.
- **Slimline Design:** Fits tight cavities and compact wall spaces, enabling flexible installation in constrained architectural layouts.
