

HBKOC

The BRITEK Stainless Steel Compact Knee Operated Hand Basin is a space-saving, wall-mounted basin featuring an 8 litre bowl. Activated via a front push panel, it is designed to reduce touchpoints and eliminates the need for electrical connections.

Features and Benefits

- **Hands-free Activation** – Tap operates via front push panel, reducing the risk of cross-contamination.
- **Grade 304 Stainless Steel** – Manufactured for strength and hygiene in commercial settings with chamfered corners for safety.
- **Wall-mounted Installation** – Includes 50mm rear blade upstand and concealed wall brackets.
- **Supplied Pre-plumbed** – Ready to install with a goose neck spout, pressure limiting valve, and 40mm waste outlet.
