

LBPB

The BRITEX Stainless Steel Round Laboratory Bowl is manufactured from grade 316 stainless steel with a highly polished finish, offering durability and chemical resistance. Designed for inset or undermount installation, making it ideal for science classrooms and laboratory environments.

Features and Benefits

- **Grade 316 Stainless Steel** - Fabricated from 1.2mm acid-resistant stainless steel with a highly polished finish.
- **Ideal for Science Classrooms & Laboratory Use** - Durable and suited to environments where chemicals are used.
- **Inset or Undermount Installation** - Versatile mounting options to suit different bench configurations.
- **Tapware Compatibility** - Suitable for use with a range of laboratory tapware.
