

LDUS

The BRITEX Stainless Steel Dirty Utility Sink is a hygienic, fully welded fixture suitable for efficient waste disposal in clinical environments. Commonly installed in leading hospitals and aged care facilities across Australia, it combines durability with customisable functionality.

Features and Benefits

- **Integrated Sluice & Utility Sink -** Combines a conical flushing bowl for waste disposal with a large sink for multipurpose use.
- **High Quality Stainless Steel -** Manufactured from durable grade 304 or acid resistant grade 316 stainless steel.
- **Customisable Design -** Available in standard or custom lengths with optional support legs, undershelf, and trigger spray (TW-STs).
- **Flexible Bench Configuration -** Choose between sloped or flat wet area benches with nominal splashback height.
