

LSSCB-S15

The BRITEX Stainless Steel Single Centre Universal Lab Sink is built from grade 316 acid-resistant stainless steel, ensuring long-lasting durability. Designed for easy installation, it includes a corrugated drainer with optional tap holes and waste fittings to suit diverse installation requirements.

Features and Benefits

- **Universal Configuration** – 70mm side hobs enable easy benchtops integration and accommodate tapware with optional tap holes.
- **Grade 316 Stainless Steel** - Constructed from 1.2mm acid-resistant stainless steel, suitable for harsh lab environments.
- **Integrated Bowl & Dual Drainers** - Single bowl with radiused corners for easy cleaning, paired with double corrugated drainers for efficient water drainage.
- **Ideal for Science Classrooms & Laboratory Use** - Durable and compatible with standard lab fixtures.
