

OSCBT-V

The BRITEX Cylindrical Bucket Trap is the ideal solution for processing plants, commercial kitchens, and food preparation areas where solid waste must be filtered from wastewater before entering plumbing systems.

Features and Benefits

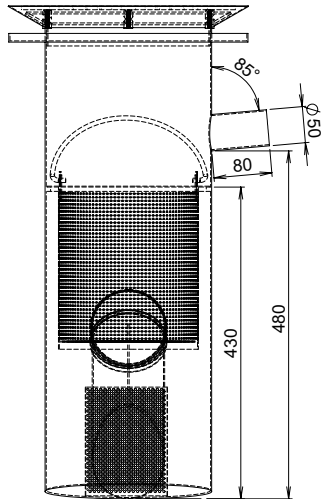

- **Removable 2mm Fine Mesh Filter** – Efficiently captures solids from wastewater and allows quick, easy cleaning.
- **Grade 304 Stainless Steel** – Provides long lasting durability and corrosion resistance in harsh environments
- **Fully Welded Construction** – Ensures structural integrity and leak-proof performance
- **Easy to Maintain** – Minimises downtime and labour costs with simple access and cleaning.
- **Models for Vinyl & Concrete Floors** – Flexible installation options to suit various flooring types
