

PW40SEC

The BRITEX 40mm chrome-plated security ligature-resistant basin waste is engineered to deliver reliable safety and strong performance. Its robust, tamper resistant design makes it a dependable option for high-risk environments where long term durability and effective ligature resistance are essential.

Features and Benefits

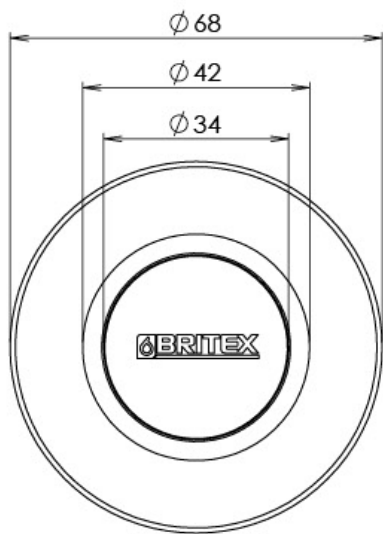

- **Purpose-built for Secure Environments:** Designed specifically for facilities requiring enhanced safety measures, including mental health units, correctional centres, and other high-risk settings.
- **Vandal Resistant Design:** Engineered to minimise opportunities for self-harm, tampering, or weaponisation.
- **Easy-clean Surface Finish:** Chrome plating provides a hygienic, non-porous surface that resists buildup and simplifies routine cleaning.
- **Engineered for Secure Environments:** Developed in line with the requirements of high security and behavioural health environments.

Sample Spec

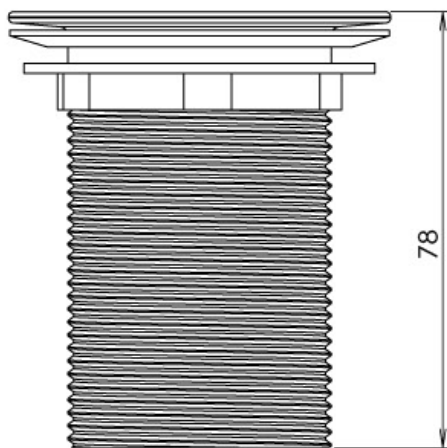

BRITEX Chrome Plated Brass 40mm x 80mm Anti-Ligature Security Basin Waste supplied complete with brass back nut and washers. Product Code PW40SEC
