TW-KWK

The BRITEX Knee Wand Kit provides a hygienic, hands-free solution for activating water flow in basins. Activated by gentle thigh pressure, the wand disengages from neutral to release a timed 15-second flow, or continuous water while engaged.

Features and Benefits

- **Lead Free DZR Brass Construction:** Protects users from lead exposure, ensuring safe use in healthcare, food preparation, and public facilities.
- **Knee Operating Tap with Valve & Outlet:** Enables hygienic, hands free activation with complete kit components for easy installation.
- **Timeflow Shut Off:** Automatic shutoff delivers major water and energy savings, reducing utility costs and wastage.
- **Robust Lever for Heavy Usage:** Engineered for durability and reliability in high traffic commercial and industrial settings.

Sample Spec

Britex Knee Wand Kit - Product Code: TW-KWK

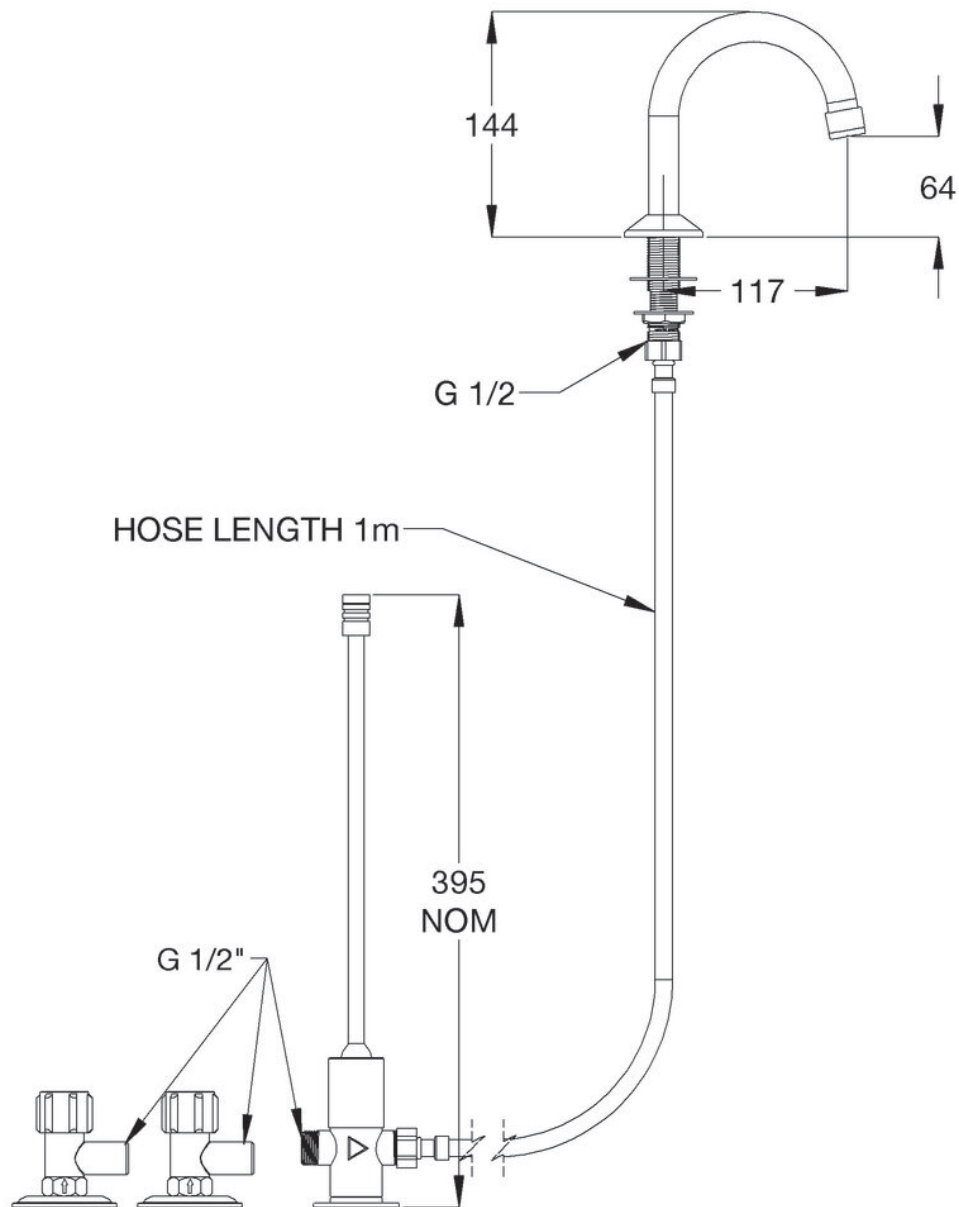

*RED TEXT may denote a **variable** where one option only is to be selected, a **nominal dimension** that needs to be specified, or an **optional feature** that can be removed if not required. Please refer to the back of this page for additional specification details and options.

Note: As per AS/NZS 3500.4 - Heated Water Services, to prevent scalding, water delivered to fixtures for personal hygiene (including hand basins) must be tempered. This is achieved by installing a tempering valve or a thermostatic mixing valve (TMV) in the hot water system.

Technical Information: Knee Wand Kit

WELS: 6 Star Rating (4.5L/pm)
Nominal Flow Rate: 4.29
WaterMark: AS 3718 Lic. WMKA0034
Constructon: Lead Free Brass
