## TW-LBSET-10RH

The BRITEX Laboratory Tap Set 10 RH is designed for durability and performance in school and laboratory environments. Built to withstand frequent use, chemical exposure and the demands of education and testing facilities, it integrates seamlessly with BRITEX stainless steel basins, sinks and troughs and is available in a range of outlet formats to suit different laboratory applications.

## Features and Benefits

- **Right-Hand Activation** - 80 mm lever handle with a durable, vandal-resistant design for reliable use.
- **High Quality Chrome Plated Finish** - Durable, heavy-duty finish for easy cleaning and hygiene maintenance.
- **NSW Education Approved** - Compliant with NSW Education EFSG Guidelines, making it suitable for school projects.
- **Australian Made** - Local manufacturing ensures readily available spare parts and support.

## Sample Spec

*Britex Laboratory Set 10 RH - Lever handle, jumper valve, right hand, fixed outlet - Product Code: TW-LBSET-10RH*

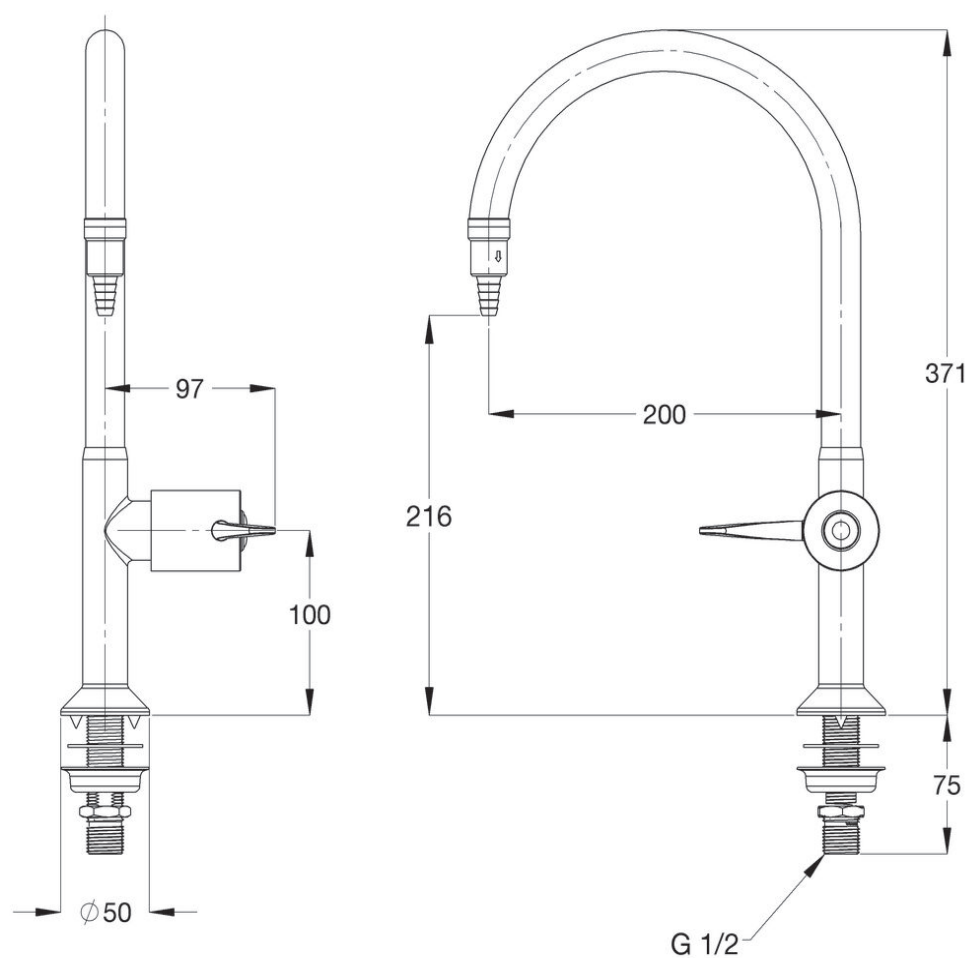

\*RED TEXT may denote a **variable** where one option only is to be selected, a **nominal dimension** that needs to be specified, or an **optional feature** that can be removed if not required. Please refer to the back of this page for additional specification details and options.
