

LPTI

Most common configuration illustrated

The BRITEX Stainless Steel Photographic Trough is designed to be used in dark rooms to develop photographs. An extra wide flange at one end allows for taps to be mounted into a secure, hygienic surface whilst internal bowl radius corners ensure trough is easy to keep clean and maintain. Made from 1.2mm grade 316 stainless steel it is available in custom lengths if required and an acid-resistant waste outlet is optional.

Features and Benefits

- Inset (bench mounted) style ONLY
- Grade 316 acid resistant S.S.
- Standard and custom lengths
- Radius internal corners - easy cleaning
- Optional acid-resistant stainless waste (product code: LSPW)
- Wide-end flange for mounting tapware
- Fully welded construction
- Supplied with fixing clips
