The BRITEX Centurion Toilet Pan is seamless, fully shrouded and manufactured from heavy gauge grade 304 satin stainless steel, making it easy to clean while providing optimal strength. Incorporating radius edges for added safety, a pressed internal bowl and a unique trap design, the Centurion pan is extremely water efficient and much less susceptible to costly blockages in public amenities. Additionally, it incorporates a contraband-proof flushing rim and is free of ligature points, ideal for correctional facilities and holding cells. Access panels come standard on both sides of the pan for easy installation and a toilet seat can be fitted if required. WaterMark and WELS are certified as required by plumbing regulations and government legislation.

Features and Benefits

- WELS and WaterMark certified
- Ultra vandal resistant
- Safety radius front edge
- Free of ligature points
- Contraband-proof flushing rim
- Concealed fixings
- Satin stainless finish
- Unique blockage resistant trap
- Option for fitted toilet seat
- Option for permanently sealed access panels (maximum security projects)
- Suits detention facilities and public amenities
