PCAM

The BRITEX Centurion Ambulant Toilet Pan is fully shrouded and manufactured from heavy gauge grade 304 satin stainless steel, making it easy to clean while providing optimal strength. The pan is designed to conform to Australian Standard, Design for Access and Mobility - AS1428, with respect to ambulant users. Incorporating radius edges for added safety, a pressed internal bowl and a unique trap design, the Centurion Ambulant Pan is extremely water-efficient and much less susceptible to costly blockages in public amenities. Access panels come standard on both sides of the pan for easy installation with a fitted toilet seat in compliance with AS1428 guidelines. WaterMark and WELS are certified as required by plumbing regulations and government legislation.

Features and Benefits

- WELS and WaterMark certified
- AS1428 compliant, ambulant toilets
- Available with S or P trap
- Concealed fixings
- Unique blockage resistant trap
- Safety radius front edges
- Left and right access panels
- Free of ligature points
- Option for permanently sealed access panels (maximum security projects)
- Suits detention facilities and public amenities
