

SCU

BRITEX Stainless Steel Security Combination Units are consistently selected by specifiers for prisons, holding cells and detention facilities that require optimal vandal resistance. They incorporate a fully welded stainless steel toilet pan and wash basin. The toilet pan has a contraband-proof flushing rim and a piece-pressed bowl that provides water-efficient flushing. A ligature-proof security waste is supplied with the basin and optional security tapware, access panel and toilet pan flushing mechanism. Security Tapware can also be supplied pre-installed on the unit. Numerous fixing points are provided for fixing the floor and rear wall. Available with either the Centurion (Flat Top) or Grandeur (Integral Pressed Seat Area) toilet pans that are WaterMark and WELS certified as required by plumbing regulations and government legislation.

Features and Benefits
