

TFR

Most common configuration illustrated

The BRITEX Stainless Steel PWD Flat Rim Trough is a versatile fixture that can be used in a large range of applications. Tapware is mounted on the extra wide hob at the back of the trough with internal radius corners to ensure that the trough is easy to clean. All flat rim troughs are manufactured to custom lengths, can be supplied in grade 304 or acid-resistant grade 316 stainless steel and waste outlets can be at either the left or right hand end.

Features and Benefits

- Available with or without Tapware
- Made to custom lengths as required
- Grade 304 or 316 S.S
- Radius internal corners for easy cleaning
- Fully welded, seamless construction
- Extended rear hob for mounting tapware
- 50mm waste supplied
- Left or right hand waste position
