TP7-I Inset Trough

TP7

The BRITEX Stainless Steel Practical Trough is a versatile trough that can be used for a large range of applications, commonly in education projects. Inset and fascia style models are available for bench and wall mounting respectively. Made from 1.2mm grade 304 stainless steel and possessing square external corners available in custom lengths with either left or right hand waste position. Wall mounted models are supplied with heavy duty wall brackets and front legs are available if additional support is required.

Features and Benefits

- Inset and wall mounted models
- Standard and custom lengths
- Commercial grade 304 stainless steel
- 50mm waste supplied
- Radius internal corners - easy cleaning
- Left or right hand waste position
- Ideal for schools, workshops and public amenities
