

UESI-LF

Most common configuration illustrated

The BRITEX Watersaving Urinal is a vandal resistant water saving fixture that incorporates the unique 'Britex Waterless' outlet requiring no costly replaceable cartridge, bio block or sealant fluid. Instead the 'Britex Waterless' outlet utilises a self-sealing one way diaphragm that allows urine to pass, whilst trapping odours within the plumbing. To assist with the regular maintenance regime, each Watersaving urinal is supplied with a Britex Hygiene Clean that periodically activates a cleaning cycle to ensure the connected plumbing is flushed and the unit itself is kept clean. WaterMark certified as required by plumbing regulations and government legislation.

Features and Benefits

- WaterMark certified unique waterless waste outlet
- Supplied with automated, periodic 'AutoClean' device
- Manufactured in custom lengths - up to 1200mm max. length
- Available in modules for joining on site
- Vandal resistant design
- Perfect for schools, clubs and public amenities

Sample Spec

BRITEX S.S. Watersaving Urinal - **1200mm** Long. WaterMark Level 1 certified, supplied complete with Britex Saving one-way valve outlet and Britex Hygiene Clean device - Product Code UESI-LF-**1200**

*RED TEXT may denote a **variable** where one option only is to be selected, a **nominal dimension** that needs to be specified, or an **optional feature** that can be removed if not required. Please refer to the back of this page for additional specification details and options.

HOW TO SPECIFY: Watersaving Urinal

Sample Specification Code

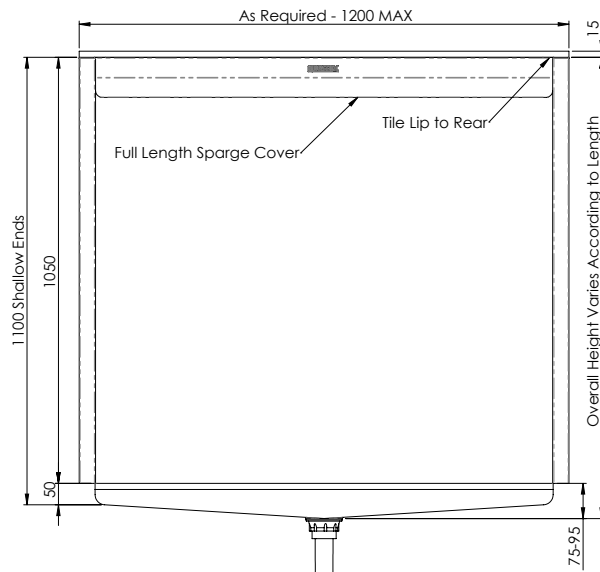

$\frac{A}{\text{UESI-LF}} - \frac{B}{1200} = \text{Watersaving Urinal 1200mm long}$

Specification Key

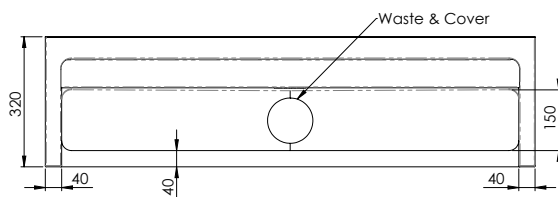

A = Product Code

B = Urinal Length (mm)
Max 1200mm
